Goals

The aim of the European Year of Cultural Heritage is to encourage more people to discover and explore Europe's cultural heritage, and to reinforce a sense of belonging to a common European family.

In 2018, the emphasis will be on:

Cultural heritage's value to society;

its contribution to the economy;

its role in European cultural diplomacy;

the importance of safeguarding it for the enjoyment of future generations.

What in store?

During 2018, thousands of activities and celebrations will take place all across Europe.

10 major European initiatives will make sure the Year has an impact beyond 2018.

These initiatives will be implemented by the European Commission in collaboration with key partners (Council of Europe, UNESCO and other European organizations)
